3 October 2018

Mizzen Mezzco Limited (the "**Company**") and its indirect subsidiary, Mizzen Bondco Limited (the "**Issuer**"), hereby updates investors regarding the third-party cyber incident that affected the Company's systems on 16 September 2018.

The incident was a targeted cyber-attack and, through our cyber security protocols, our systems were promptly shutdown to protect our system integrity and an investigation into the incident by a third-party expert (ECSC Group plc) was launched. Through the investigation we can confirm that the entry route into our systems has been identified and closed and there is currently no evidence of data loss.

Our call centre, as well as our website and core system, which manage our customer agreements and transactions, are fully operational. Furthermore, and consistent with our existing cyber security protocols, we are reviewing our systems to safeguard against similar incidents in the future.

We remain actively engaged with all relevant authorities including the UK Financial Conduct Authority, the UK National Crime Agency, the UK Information Commissioner's Office and the Central Bank of Ireland.

About Premium Credit:

Premium Credit Limited (PCL), the Group's principal trading subsidiary, provides instalment finance and payments services to almost three million customers in the UK and Ireland via our network of intermediaries.
